A PROCLAMATION OF THE SENATE AND THE HOUSE OF  
REPRESENTATIVES OF THE STATE OF MONTANA

WHEREAS, student crewmembers, called the Scholastic Squad, will each receive a \$25 gift card to be used at a special Scholastic Book Fair shopping event. Soldiers who visited the school, PTA members who help with fairs, and a local Headstart will receive portions of a \$500 gift card. All other students, faculty and administrative personnel will receive a \$10 gift card.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA: That the congratulations and best wishes for future school activities are extended to the students of East Valley Middle School as well as our thanks for supporting reading activities of middle school students in East Helena.

No other declaratory relief may be sought in a court regarding any issue arising from a transaction that is or is alleged to be a conversion transaction under [sections 1 through 18], except that a transferor or transferee may file an action in district court seeking an injunction prohibiting the attorney general or commissioner from making an unlawful disclosure of trade secrets or proprietary or other confidential information.

(ii) In an action under this subsection (2) to determine whether assets of a nonprofit health entity are or are not public assets, the presumption in [section 13(3)] applies.

(b) The commissioner or the attorney general, or both, may contract with experts as reasonably necessary to bring or defend an action pursuant to this subsection (2) and the nonprofit health entity shall pay the costs reasonably incurred by the commissioner or the attorney general for the experts' services.

(c) In an action under this subsection (2), if the court finds that the transaction is a conversion transaction subject to [sections 1 through 18] and the transaction has not been completed, the court shall enter an injunction prohibiting any further actions to complete the transaction until it has been approved by the commissioner and attorney general under [section 2].

(d) In an action under this subsection (2), if the court finds that a completed transaction was a conversion transaction that the commissioner and attorney general have not approved under [section 2], the court shall enter an injunction requiring the nonprofit health entity or any successor to the assets involved in the transaction to submit an application for review under [section 5]. After reviewing any application submitted following a court order under this subsection (2)(d), the attorney general may direct that the nonprofit health entity or any successor to the assets involved in the transaction distribute the fair market value of any public assets involved in the transaction as required under [section 18].

(e) The court issuing the declaratory judgment retains jurisdiction to enforce any direction by the attorney general for distribution of the fair market value of public assets under this subsection (2).

(3) [Sections 1 through 18] may not be construed to make void or voidable or to require any distribution of assets with respect to any transaction or series of transactions completed before [the effective date of this act], even if that transaction or series of transactions is considered as part of a conversion transaction completed on or after [the effective date of this act]."

HOUSE JOURNAL  
FIFTY-NINTH LEGISLATIVE DAY - MARCH 17, 2005

Rep. Ward read the following proclamation:

A PROCLAMATION OF THE SENATE AND THE HOUSE OF  
REPRESENTATIVES OF THE STATE OF MONTANA  
March 17, 2005

WHEREAS, Thomas Francis Meagher was an Irish patriot, American Civil War General, and first Secretary of the Montana Territory; and

WHEREAS, Thomas Francis Meagher was the Acting Territorial Governor from September 1865 to July 1867; and

WHEREAS, March 17 is the feast of Saint Patrick and a fitting day to recognize this great Irishman; and

WHEREAS, 2005 will mark the 100th Anniversary of the Thomas Francis Meagher statue which graces the front of our great Montana Capitol Building; and

WHEREAS, on the 5th of July, 2005, this hallmark statue, which has been enjoyed by Montanans and visitors for a century, will be the subject of a Centennial Celebration.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA: That the House of Representatives and the Senate of the State of Montana, on this, the 17th day of March, 2005, hereby recognize Thomas Francis Meagher for his contributions to the cause of freedom and prosperity for the people of this State.

**SECOND READING OF BILLS  
(COMMITTEE OF THE WHOLE)**

Dem. Floor Leader Parker moved the House resolve itself into a Committee of the Whole for the continuation of business on second reading. Representative Himmelberger in the chair.

Rep. Kaufmann gave opening remarks on Section B: Department of Health and Human Services.

**HB 2** - Representative Caferro moved **HB 2**, second reading copy, be further amended as follows:

1. Page B-2, line 9.

**Strike:** "19,197,505" [state special fund FY07]

**Insert:** "17,397,505" [state special fund FY07]

2. Page B-4, line 20.

**Strike:** "Eliminate Asset Test"

**Insert:** "Raise Asset Limit for Medicaid Eligibility"

3. Page B-4, line 21.

**Strike:** line 21 in its entirety [general fund and federal funds FY06]

**Insert:** "1,876,316 4,529,679" [state special and federal funds FY06]

Explanation: This amendment funds the state match for raising the asset limit for children's Medicaid eligibility (HB 552) from I-149 state special revenue authority instead of from general fund and adjusts the funding in HB 2 to correspond to the most recent fiscal note for HB 552.

The \$1,876,316 million in state special revenue authority to support HB 552 is removed from funding appropriated for small business tax credits and health insurance premium assistance (HB 667). The net change due to this amendment is a \$2.2 million general fund reduction and a \$781,487 reduction in federal matching funds.

1. Page B-4, line 13.

**Strike:** "95,477,980 9,966,860" [general fund and state special revenue FY06]

**Insert:** "96,577,980 8,866,860" [general fund and state special revenue FY06]

**Insert:** "104,889,808 10,001,211" [general fund and state special revenue FY07]

Explanation: This amendment uses the \$2.2 million reduction of general fund in FY 06 in HB2-1021 which passed for raising the asset limit for children's Medicaid eligibility (HB 552).

The \$2.2 million general fund reduction for the asset test is reallocated \$1.1 million each year of the biennium to support state match for the Children's Health Insurance Program (CHIP). State special revenue CHIP match from I-149 is reduced by \$1.1 million each year due to the general fund increase.

WHEREAS, the National Cancer Institute determined in 1999 that secondhand smoke is responsible for the early deaths of up to 65,000 Americans annually; and

WHEREAS, The National Toxicology Program of the U.S. Department of Health and Human Services has listed secondhand smoke as a known carcinogen; and

WHEREAS, a study of hospital admissions for acute myocardial infarction in Helena, Montana, before, during, and after a local ordinance eliminating smoking in workplaces and public places was in effect, has determined that laws to enforce smoke-free workplaces and public places may be associated with a reduction in morbidity from heart disease; and

WHEREAS, the U.S. Surgeon General has determined that the simple separation of smokers and nonsmokers within the same air space may reduce, but does not eliminate, the exposure of nonsmokers to secondhand smoke; and

WHEREAS, the Environmental Protection Agency has determined, as of the introduction date of this bill, that secondhand smoke cannot be reduced to safe levels in businesses by high rates of ventilation and that air cleaners, which are only capable of filtering the particulate matter and odors in smoke, do not eliminate the known toxins in secondhand smoke; and

WHEREAS, it has been determined by the Centers for Disease Control and Prevention that the risk of acute myocardial infarction and coronary heart disease associated with exposure to tobacco smoke is nonlinear at low doses, increasing rapidly with relatively small doses, such as those received from secondhand smoke or actively smoking one or two cigarettes a day; and

WHEREAS, the Centers for Disease Control and Prevention warns that all patients at increased risk of coronary heart disease or with known coronary artery disease should avoid all indoor environments that permit smoking; and

WHEREAS, numerous economic analyses examining restaurant and hotel receipts and controlling for economic variables have shown either no difference or a positive economic impact after enactment of laws requiring workplaces to be smoke-free; and

WHEREAS, smoking is a potential cause of fires, and cigarette and cigar burns and ash stains on merchandise and fixtures cause economic damage to businesses; and

WHEREAS, creation of smoke-free workplaces is sound economic policy and provides the maximum level of employee health and safety."

MESSAGES FROM THE GOVERNOR

HOUSE JOURNAL  
SIXTY-FIRST LEGISLATIVE DAY - MARCH 19, 2005

March 19, 2005

The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, Montana 59620

The Honorable Jon Tester  
President of the Senate  
State Capitol  
Helena, Montana 59620

Dear Speaker Matthews and President Tester:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments House Bill 67, "**AN ACT GENERALLY REVISING PROVISIONS OF THE MONTANA PROCUREMENT ACT; PROVIDING THAT THE PUBLIC HAS THE RIGHT TO INSPECT COMPETITIVE SEALED BIDS AFTER THEY ARE OPENED, SUBJECT TO SPECIFIED LIMITATIONS; PROVIDING THAT ART PURCHASED OR COMMISSIONED FOR A MUSEUM OR PUBLIC DISPLAY IS EXEMPT FROM THE ACT; REMOVING THE SUNSET FROM THE PROVISION AUTHORIZING AN AGENCY TO REQUEST AN ALTERNATIVE PROCUREMENT METHOD; REMOVING THE CAP ON THE AMOUNT FOR WHICH A LETTER OF CREDIT MAY BE ISSUED; PROVIDING AN EXCEPTION TO HOW LONG PERFORMANCE SECURITY ON A CONTRACT MUST BE KEPT; CLARIFYING EXCEPTIONS TO THE CONTRACT TIME PERIOD LIMIT SPECIFIED IN THE ACT; AMENDING SECTIONS 18-4-126, 18-4-132, 18-4-301, 18-4-303, 18-4-304, 18-4-312, AND 18-4-313, MCA; REPEALING SECTION 29, CHAPTER 181, LAWS OF 2001; AND PROVIDING AN EFFECTIVE DATE**" for the following reasons.

House Bill 67 makes general revisions to the Montana Procurement Act, concerning the procurement practices of the State of Montana. My amendments are intended to make the statutory exceptions to disclosure of public documents consistent with rulings of the Montana Supreme Court concerning the right to know provision of the Montana Constitution, found in Article II, Section 9.

Current law, §18-4-304, MCA, provides that after competitive sealed proposals to the state are opened, they are subject to public inspection, with the following exceptions: 1) limitations found in the Uniform Trade Secrets Act; 2) matters involving individual safety; 3) information requested by the Department of Administration during the bidding process to establish vendor responsibility; 4) and matters protected from disclosure pursuant to the state or federal constitutions.

My proposed amendment eliminates the third exception. The result would be that information requested of a vendor by the Department of Administration during the bidding process to establish vendor responsibility would be subject to public scrutiny, unless the information fell within one of the other established exceptions, such as trade secrets and information entitled to constitutional protections from public disclosure.

Similarly, current law, § 18-4-308, MCA, provides for confidentiality of information furnished by a bidder or offeror with respect to their responsibility. My proposed amendment eliminates subsection (2) of § 18-4-308, so that this information would no longer be deemed confidential.

I believe that my recommended amendment to House Bill 67 brings Montana's procurement laws in line with the Montana Supreme Court's interpretations of the right to know provision found in Article II, Section 9 of the Montana Constitution, specifically the court's decisions in *Great Falls Tribune v. Montana Public Service Commission*, 2003 MT 359, *Great Falls Tribune Co., Inc. v. Rick Day*, 1998 MT 133.

I have discussed my proposed amendment with the sponsor of the bill, Representative Larry Jent, who supports the amendment. The proposed amendment is attached to this letter.

Sincerely,

BRIAN SCHWEITZER

Speaker Matthews introduced the following pages: Candra Berg, Helena; Rachel Colson, Missoula; Paul Fredenberg, Missoula; David King, Billings; William Kolski, Darby; Kerra Melvin, Butte; Jake Miller, Absarokee; and Micaela Newman, Butte.

Mr. Speaker: We, your committee on Legislative Administration/Bills and Journal, having examined the daily journals for the fortieth, forty-first, forty-second, forty-third, forty-fourth, forty-fifth, forty-sixth, forty-seventh, forty-eighth, and forty-ninth legislative days, find the same to be correct.

Barrett, Chair

**MOTIONS**

Dem. Floor Leader Parker moved the House be on Order of Business #11, Special Orders of the Day, for the purpose of receiving an address by U.S. Congressman Dennis Rehberg. And further that, following the session, the House reconvene.

**SPECIAL ORDERS OF THE DAY**

Sgt.-at-Arms Clark notified Mr. Speaker that the Honorable Senate of the State of Montana awaits outside the Chamber. Speaker Matthews requested Sgt.-at-Arms Clark to admit the Honorable Senate to the House Chambers.

Speaker Matthews introduced Senate President Tester and yielded the chair to him.

Father Jerry Lowney gave the invocation, followed by the Pledge of Allegiance.

Senate Majority Leader Ellingson moved that the body resolve itself into a joint session for the purpose of receiving the address from U. S. Congressman, the Honorable Dennis Rehberg. Motion carried.

Senate Majority Leader Ellingson moved the President be authorized to appoint a committee of four to notify U. S. Congressman Rehberg that we are in joint session and ready to receive his address. Motion carried.

The President appointed Senator Tropila, Senator McGee, Representative Campbell and Representative Hendrick to escort The Honorable Congressman into the House Chambers.

The Committee escorted U. S. Congressman Rehberg into the chambers.

President Tester introduced U.S. Congressman Rehberg who gave the following address to the joint session:

"Distinguished members of the Legislature, honored guests, my fellow Montanans.

A famous newspaperman I often quote, Irvin Cobb, once said, "No speech can be entirely bad if it is short enough." So I'll try not to keep you long.

Thank you for allowing me time to be here today. It is truly a privilege to stand before you once again as Montana's Congressman to review my priorities for Montana in the U.S. House of Representatives.

Since I last spoke to you, two years ago, we've passed and the President has signed into law the Medicare Prescription Drug and Modernization Act. With this legislation, we've not only provided seniors with prescription

HOUSE JOURNAL  
SIXTY-SECOND LEGISLATIVE DAY - MARCH 21, 2005

drug coverage, but we've also added much-needed reforms to Medicare by addressing the need for preventive programs to help seniors with chronic illnesses maximize their health and well-being and minimize their visits to the emergency room and the hospital.

There's so much to be done in the area of health care. With nearly one-in-five Montanans uninsured, we need small business health care plans that will enable farmers, ranchers and small business employees to access the same affordable health care choices and benefits enjoyed by employees of large companies. I applaud what you've accomplished this session on association health care plans, and have once again sponsored the Small Business Health Fairness Act, at the federal level, to help more Montanans get the care they need at a price they can afford.

At the same time, one of the things that has bothered me most since being a state legislator and Montana's Lt. Governor, has been the unfunded mandates that the federal government continues to drop onto states like Montana. Each year, our state has to spend millions complying with burdensome federal mandates that make it harder to provide cleaner air and water, collect and dispose of hazardous waste, and provide health care for the uninsured. We are making some progress, but much more can and will be done.

I think we can all agree that we also need to see that Social Security remains solvent for future generations. When the president visited Montana the day after his State of the Union Address, Senator Burns and I accompanied him on Air Force One. During that time, we had a chance to listen as he explained his Social Security presentation to the American people. I was impressed by his willingness to entertain and consider any suggestion that will preserve and protect Social Security. And while I'm willing to listen to all sides of the debate, I think I also have enough common sense to recognize when change isn't necessarily progress. One thing remains: we need to protect our seniors' Social Security benefits, while improving retirement security for our children and their children. But, we must remember, people forget how fast you did a job - but remember how well you did it.

Let me say that America must also protect its interests and future by establishing a national energy policy. Four times, the House has passed a comprehensive energy bill, and four times the bill has become stalled in the Senate. As I've said many times, we needed a comprehensive energy plan twenty years ago. Our growing dependence upon foreign energy sources means we no longer have the luxury to wait until tomorrow.

And so, I'm going to urge my colleagues to do what we did last session, and once again pass a comprehensive energy policy that addresses ways to improve domestic production, as well as improve access to reliable electricity, new technologies, increased energy efficiency and increasing funding for low-income energy assistance. Let's give America a plan that funds clean-coal technology, enables the development of alternatives like ethanol, and encourages energy conservation.

Working on the energy bill has helped me to discover what a monumental task it is to get major legislation sent to the President. I think it was Woody Allen who said: "I don't want to achieve immortality through my work. I want to achieve it through not dying."

Well, you and I know that in our line of work, you can't achieve immortality, but you can successfully confront seemingly immortal achievements. For me, one of those has to be the Highway Bill that we passed in the House earlier this month. I was honored to be a member of the House and Senate Conference Committee that helped write this monumental legislation last year. Under the shadow of a threatened veto, our measure was delayed by disagreements in the Senate. But this year, after an 18-month delay, we finally have something everyone can agree on, a bill that will see highway funding for Montana increase to almost \$2 billion over the next six years.

The ramifications of this six-year highway construction measure are far-reaching. Every billion dollars spent on our highways translates into thousands of good paying jobs. These new highway investments will help stimulate Montana's own economy, as well as provide our state with better roads, bridges, and increased transit options, encouraging development and, above all, give us an economic return of \$6 for every \$1 spent.

The road construction season is before us. Congress needs to put politics aside and send legislation to the President he will sign.

One additional change since we last met: I asked for and now sit on the House Appropriations Committee. What a difference. I'm now getting my phone calls returned from bureaucrats. I have often said that the definition of a bureaucrat is a Democrat that has a job that a Republican wants. Both sides want more money. Both sides are going to have to give a little if we're going to balance the budget. Sound familiar? It was Herbert Hoover who once said: "It would be a lot easier to make ends meet if we didn't keep moving the ends."

I believe my subcommittee assignments are well-suited for promoting the interests of Montana.

At an Energy & Water Appropriations subcommittee hearing the other day, I had the opportunity to press the head of the Army Corps of Engineers to more strongly direct his agency to recognize our prolonged drought in Montana, and

HOUSE JOURNAL  
SIXTY-SECOND LEGISLATIVE DAY - MARCH 21, 2005

to do more to help us keep our water here.

Earlier this month, my Foreign Operations subcommittee held a face-to-face with Secretary of State Condoleezza Rice about State Department priorities and our financial commitments abroad. Back in the old days I used to think foreign relations was about how well we got along with North and South Dakota.

I'm also now on the Subcommittee on Military Quality of Life, from which the House oversees spending on programs involving Veterans Affairs, National Guard, reservists, military facilities, housing, and health programs. It's a real opportunity to both protect Malmstrom Air Force Base in the latest round of BRAC closures, and to upgrade its infrastructure and advocate a new Malmstrom mission.

One of the most important things we're focusing on this year is the effort to protect our borders. It's one of the reasons I asked to be on the House Appropriations Committee.

I've developed a multi-phased, Border Security Plan to address Montana's role in the war on terror, as well as the need to protect our state's agriculture economy, and finally, to put a stop to the flow of illegal drugs in and out of Montana.

As you know, Montana has the largest international border among the contiguous states. We have a role to play in securing our nation's border against the threat of terrorists. In recent months, Montana has received more than \$20 million from the Department of Homeland Security to enhance the capability of our state and local agencies to prevent and respond to incidents of terrorism involving the use of chemical, biological, radiological, nuclear or explosive weapons. Great Falls has been selected to base one of five Canadian border surveillance operations. Last month, the House passed legislation that tightens procedures for non-citizen entry into, and movements and activities within, the United States. The measure will also enable Montana's state government to bolster standards for the security and integrity of drivers' licenses.

But, there's another threat that involves our border, and that's the economic and health threat posed by BSE. That's why, for the past four years, I've been the chief advocate in the House for mandatory Country of Origin Labeling. As part of my Border Security Plan, I want our border with Canada to stay closed to live beef until questions have been adequately answered. I spent a couple of hours making that point to President Bush when we traveled together aboard Air Force One earlier this year. I've also had pointed discussions with Agriculture Secretary, Mike Johanns, telling him, "Let's reestablish our beef trade with Japan and Korea first before reopening the border with Canada." Our consumers deserve nothing less than the safest product; our producers deserve nothing less than market stability.

An even bigger and more immediate threat to Montana's communities is the flow of illegal drugs in and out of our state. Today, I'm announcing a five-point Methamphetamine Initiative designed to help Montana fight the growing specter of this terrible blight that threatens our families, communities, and even our environment. This five-point Methamphetamine Initiative, which I will call CLEAN UP PLUS, stands for Clean Learn Educate Abolish Neutralize and Undermine the Production of meth -- plus wages a war on international trafficking from Canada and Mexico. The initiative begins with enhanced enforcement. We must ensure that our prosecutors and law enforcement have all the tools and training they need to find and eradicate meth labs and prosecute those who operate them.

Second, we need to require federal funds to be used to help clean up methamphetamine laboratories, which produce hazardous conditions because of their use of chemicals such as anhydrous ammonia, ether, sulfuric acid, and other volatile, corrosive, and poisonous toxins. Meth traffickers dump these toxins in rivers, streams, and even household drains. Their illegal activity threatens neighborhoods with serious environmental damage and exposure to dangerous toxins. It's time to make the guilty pay the price for cleanup.

Third, we must create education grants to schools and other organizations to carry out programs to teach our young people the dangers of methamphetamine use to the public health and to the environment.

In addition, we must assist local hospitals and clinics with tools and training they need to treat methamphetamine abuse, especially children who suffer from the effects of methamphetamine or exposure to the production process.

And then we're going to go one step further: we'll ask the administration to do what we should have done ten years ago: force Canada and Mexico to step up and help the U.S. in keeping their drugs from crossing our borders.

These are the things I am ready to fight for in Congress. But government can't do this alone. If we really want to put a stop to this terrible scourge in our society, private citizens and organizations must recognize they, too, have a stake in this. Today I challenge all Montanans to join this fight; take responsibility for what you see happening in your community. Together, we can send a message out to our kids that methamphetamine hurts communities, damages the environment, and destroys the lives of people who use it. As part of the initiative, I will also begin immediately calling and meeting with private individuals, foundations, and corporations to create public-private funding

opportunities. I hope to announce our first successful partnership by this summer.

Perhaps Ronald Reagan put it best when he said, "It is up to us...to work together for progress and humanity so that our grandchildren, when they look back at us, can truly say that we not only preserved the flame of freedom, but cast its warmth and light further than those who came before us."

You and I are Montanans. We share the common goal of a better Montana. Together, you and I have a role to play if we're to reach that goal.

But, I am reminded of Ben Franklin's belief that state officeholders like you are the real participants in the "laboratories of democracy" and therefore "you alone should be the architects of a states' destiny." It's your contracts with the United States that render such promise. The tenth amendment reads "the powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, as to the people." I believe that, and I honor, respect, and thank you for your service to Montana.

May God bless you and may God bless our wonderful state. "

President Tester thanked Congressman Rehberg and directed the escort committee to escort U. S. Congressman Rehberg from the joint session.

Senate Majority Leader Ellingson moved that the joint session of the 59th Legislature, convened to receive the address of U.S. Congressman Rehberg, be adjourned. Motion carried.

Joint Session adjourned at 1:30 p.m.

House reconvened at 1:35 p.m.

The department may develop, operate, and maintain acquired lands or waters:

(a) for fish hatcheries or nursery ponds;  
(b) as lands or water suitable for game, bird, fish, or fur-bearing animal restoration, propagation, or protection;

(c) for public hunting, fishing, or trapping areas;  
(d) to capture, propagate, transport, buy, sell, or exchange any game, birds, fish, fish eggs, or fur-bearing animals needed for propagation or stocking purposes or to exercise control measures of undesirable species;

(e) for state parks and outdoor recreation;

(f) to extend and consolidate by exchange, lands or waters suitable for these purposes.

(2) The department, with the consent of the commission, may acquire by condemnation, as provided in Title 70, chapter 30, lands or structures for the preservation of historical or archaeological sites that are threatened with destruction or alteration.

(3) (a) ~~The Subject to [section 2(3)],~~ the department, with the consent of the commission, may dispose of lands and water rights acquired by it on those terms after public notice as required by subsection (3)(b) of this section, without regard to other laws that provide for sale or disposal of state lands and with or without reservation, as it considers necessary and advisable. The department, with the consent of the commission, may convey department

lands and water rights for full market value to other governmental entities without regard to the requirements of subsection (3)(b) or (3)(c) if the land is less than 10 acres or if the full market value of the interest to be conveyed is less than \$20,000. When the department conveys land or water rights to another governmental entity pursuant to this subsection, the department, in addition to giving notice pursuant to subsection (3)(b), shall give notice by mail to the landowners whose property adjoins the department property being conveyed.

(b) ~~Notice Subject to [section 2(3)],~~ notice of sale describing the lands or waters to be disposed of must be published once a week for 3 successive weeks in a newspaper with general circulation printed and published in the county where the lands or waters are situated or, if a newspaper is not published in that county, then in any newspaper with general circulation in that county.

If that bidder defaults on payment of the balance due, then the next highest bidders must be similarly notified in succession until a sale is completed. Deposits must be returned to the unsuccessful bidders except bidders defaulting after notification.

(d) The department shall reserve the right to reject any bids that do not equal or exceed the full market value of the lands and waters as determined by the department. If the department does not receive a bid that equals or exceeds fair market value, it may then sell the lands or water rights at private sale. The price accepted on any private sale must exceed the highest bid rejected in the bid process.

(4) The department shall convey lands and water rights without covenants of warranty by deed executed by the governor or in the governor's absence or disability by the lieutenant governor, attested by the secretary of state and further countersigned by the director.

(5) The department, with the consent of the commission, is authorized to utilize the installment contract method to facilitate the acquisition of wildlife management areas in which game and nongame fur-bearing animals and game and nongame birds may breed and replenish and areas that provide access to fishing sites for the public. The total cost of installment contracts may not exceed the cost of purchases authorized by the department and appropriated by the legislature.

(6) The department is authorized to enter into leases of land under its control in exchange for services to be provided by the lessee on the leased land. "

(6) Money received from the collection of license drawing applications is not subject to the deposit requirements of 17-6-105. The department shall deposit license drawing application money within a reasonable time after receipt.

(c) Using funds in the department's search and rescue account that are not already committed to reimbursement for search and rescue missions, the department may provide matching funds to the department of military affairs to reimburse counties for search and rescue training and equipment costs up to the proportion that the number of search and rescue missions involving persons engaged in hunting, fishing, or trapping bears to the statewide total of search and rescue missions.

(d) At the end of each fiscal year, any money remaining in the special revenue account after the transfers provided for in this section must be transferred to the general license account of the department."

(2) In the event one or both of the national guard armories located in Bozeman and Whitefish, Montana, and approved in House Bill No. 14 for replacement are sold prior to construction of the new Bozeman and Kalispell armories, the proceeds of the sale that were deposited to the general fund are appropriated for replacement construction up to a maximum of \$4,000,000 and the bond authority in House Bill No. 14 is reduced by a like amount.

(3) The department of public health and human services is seeking federal funds for use in the construction of the special care unit, Montana veterans' home. If federal funds become available for this purpose, the department shall reimburse funds from the state special revenue account used to build the new unit. The total amount approved for the project from all sources is \$1,179,374.

(4) (a) The 56th legislature authorizes four department of corrections' capital construction projects in the 2001 biennium. Funding for the projects is contained in House Bill No. 14 and subsection (1) of this section. The total project cost and the authorized funding for each project are as follows:

(i) \$9,375,000 for the women's prison expansion in Billings, funded by \$2,900,000 of general obligation bond proceeds authorized in House Bill No. 14 and by \$6,475,000 of federal funds appropriated in subsection (1) of this section;

(ii) \$2,225,000 for completing the Pine Hills youth correctional facility in Miles City, funded from general obligation bond proceeds authorized in House Bill No. 14;

(iv) \$3,000,000 for security improvements and expanding the Wallace building at Montana state prison in Deer Lodge, funded from general obligation bond proceeds authorized in House Bill No. 14.

(b) The 56th legislature notes that approximately \$8,714,600 of federal department of justice funds are anticipated to become available for capital construction projects for the department of corrections in the 2001 biennium. It is the intent of the 56th legislature that the federal funds be used to the maximum extent possible. It is further the intent of the 56th legislature that the priority for using these federal funds is:

(i) up to \$6,475,000 for the women's prison expansion project, line-itemed in subsection (1);

(ii) up to \$526,497 for the Missoula regional correctional facility supplemental; and

(iii) up to \$5,500,000 for the construction of the reception unit at Montana state prison, line-itemed in subsection (1).

(c) (i) It is the intent of the legislature that the department of corrections may not accept federal funds for capital construction unless all conditions necessary to receive the federal dollars have been irrevocably met in advance of the expenditure of the federal funds.

(ii) It is further the intent of the legislature that federal spending authority for a capital construction project may be used only for the project identified in the law authorizing the project and may not be used for any other project.

(5) The appropriation for the Fort Peck fish hatchery in subsection (1) is contingent upon passage and approval of House Bill No. 20.

(6) The 56th legislature authorizes the construction of the rural technology education center at western Montana college of the university of Montana at a total project cost of \$4,520,000. Subsection (1) of this section contains \$350,000 in other revenue authority for this project, and House Bill No. 14 contains \$4,170,000 in general obligation bond authority for this project. In the event that other additional funds become available for this project during its construction, the general obligation bond authority in House Bill No. 14 must be reduced by a like amount and other revenue authority is increased by a like amount in subsection (1) of this section for the same purpose."

"COORDINATION SECTION. Section 5. Coordination instruction. If [this act] and House Bill No. 447 are both passed and approved, then 2-18-303 must be amended as follows:

"2-18-303. Procedures for using pay schedules. (1) The pay schedule provided in 2-18-312 must be implemented as follows:

(a) The pay schedule provided in 2-18-312 indicates the entry salary and market salary for each grade for positions classified under the provisions of part 2 of this chapter.

(b) Each employee newly hired by the state of Montana must be hired at the entry rate, except as provided in subsections ~~(6) through (9)~~ (5) through (9).

(c) On the first day of the first complete pay period in fiscal year ~~2004~~ 2006, each employee is entitled to the amount of the employee's base salary as it was on June 30, ~~2003~~ 2005.

(d) Effective on the first day of the first complete pay period that includes ~~January 1, 2005~~ an employee's anniversary date during the fiscal year ending June 30, 2006, the base salary of each employee must be increased by ~~an amount equal to 25 cents an hour or by a lesser amount so that the employee's base salary after the increase does not exceed the maximum salary of the pay grade as provided in subsection (1)(f)~~ 3.5% or \$1,005, based upon 2,080 annual hours in a pay status, whichever is greater. Effective on the first day of the first complete pay period that includes an employee's anniversary date during the fiscal year ending June 30, 2007, the base salary of each employee must be increased by 4% or \$1,188, based upon 2,080 annual hours in a pay status, whichever is greater. For employees hired on or before September 30, 2005, the anniversary date is October 1.

(e) An employee's base salary may be no less than the entry salary for the employee's assigned grade.

(f) The maximum salary for each grade is determined by subtracting the entry salary from the market salary and adding that amount to the market salary.

(2) The pay schedule provided in 2-18-312 and the provisions of ~~subsection~~ subsections (1)(a) through (1)(d) of this section do not apply to those teachers or blue-collar occupations compensated under the pay schedules provided in 2-18-313 and 2-18-315 employees who are members of collective bargaining units that have collectively bargained to participate in a separate or alternative classification and pay plan or who are covered under subsections (5) and (6) of this section.

~~(3) The pay schedules provided in 2-18-313 and 2-18-315 must be implemented as follows:~~

~~—— (a) (i) The pay schedules provided for in 2-18-313 indicate the annual compensation for teachers employed under the authority of the department of corrections or the department of public health and human services for fiscal years 2004 and 2005.~~

~~—— (ii) The compensation of each teacher on July 1, 2003, is the same as it was on June 30, 2003.~~

~~—— (iii) Effective on the first day of the first complete pay period that includes January 1, 2005, the base salary of each teacher employed in the department of public health and human services and the department of corrections is the amount provided for the teacher's step and education level under 2-18-313(2). This subsection (3)(a)(iii) does not provide for a step advancement.~~

~~—— (b) The pay schedules provided in 2-18-315 indicate the maximum hourly compensation for fiscal years ending June 30, 2004, and June 30, 2005, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.~~

~~—— (c) The compensation of each employee on the first day of the first pay period in each fiscal year is that amount corresponding to the grade occupied on the last day of the preceding fiscal year.~~

~~(4)(3)~~ (a) (i) If the legislature authorizes a pay increase for state employees, a member of a bargaining unit

HOUSE JOURNAL  
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 23, 2005

may not receive a pay increase until the employer's collective bargaining representative receives written notice that the employee's bargaining unit has ratified a completely integrated collective bargaining agreement.

~~(ii) If ratification of a completely integrated collective bargaining agreement, as required by subsection (4)(a)(i), is not completed by the date on which a legislatively authorized pay increase is implemented, retroactivity to that date may be negotiated.~~

~~(iii)(ii)~~ (ii) If ratification of a completely integrated collective bargaining agreement, as required by subsection ~~(4)(a)(i)~~ (3)(a)(i), is not completed by the date on which a legislatively authorized pay increase is implemented, members of the bargaining unit must continue to receive the compensation that they were receiving until an agreement is ratified.

(b) Methods of administration not inconsistent with the purpose of this part and necessary to properly implement the pay schedules and adjustments provided in 2-18-312, ~~2-18-313~~, ~~2-18-315~~, and this section may be provided for in collective bargaining agreements.

~~(5)(4)~~ (4) The current wage or salary of an employee may not be reduced by the implementation of the pay schedules provided for in 2-18-312, ~~2-18-313~~, and ~~2-18-315~~.

~~(6)(5)~~ (5) The department may authorize a separate pay schedule for classes of medical professionals if the rates provided in 2-18-312 are not sufficient to attract and retain fully licensed and qualified professionals.

~~(7)(6)~~ (6) (a) The department may develop and implement an alternative pay and classification plan for certain classes, occupations, and work units. Pay for employees in the alternative pay and classification plan may be established and changed based on demonstrated competencies and accomplishments, on the labor market, and on other situations defined by the department.

(b) To the extent that the plan applies to employees within a collective bargaining unit, the implementation of the plan is a negotiable subject under 39-31-305.

~~(8)(7)~~ (7) The department may develop programs that enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. To the extent that the program applies to employees within a collective bargaining unit, it is a negotiable subject under 39-31-305.

~~(9)(8)~~ (8) The department shall review the competitiveness of the compensation provided to all occupations under this part. If the department finds that substantial problems exist with recruitment and retention because of inadequate salaries when compared to competing employers, the department may establish criteria allowing an adjustment in pay or classification to mitigate the problems. To the extent that these adjustments apply to employees within a collective bargaining unit, the implementation of these adjustments is a negotiable subject under 39-31-305.

(9) (a) Montana highway patrol officer base salaries and biennial salary increases must be established through an alternative pay and classification plan. Before January 1 of each odd-numbered year, the department shall, after seeking the advice of the Montana highway patrol, conduct a salary survey to be used in establishing the base salary and any biennial salary increase for existing and entry-level highway patrol officer positions. The county sheriff departments in the following consolidated governments and counties are the labor market for purposes of the survey: Butte-Silver Bow, Cascade, Yellowstone, Missoula, Lewis and Clark, Gallatin, Flathead, and Dawson. The base salary and biennial salary increases for existing and entry-level highway patrol officer positions must then be determined by the department of justice, using the results of the salary survey and the department of justice pay plan guidelines. Base or biennial salary increases under this subsection are exclusive of and not in addition to any increases otherwise awarded to other state employees after July 1, 2006.

(b) To the extent that the plan applies to employees within a collective bargaining unit, the implementation of the plan is a negotiable subject under 39-31-305.

(c) The salary survey must be submitted to the office of budget and program planning as a part of the information required by 17-7-111.

(d) (i) Except as provided in subsection (9)(d)(ii), the survey and plan must be completed at least 6 months before the start of each regular legislative session.

(1) "Board" means the board of examiners created under 2-15-1007.

(2) "Bonds" means bonds, notes, or other evidences of indebtedness issued pursuant to [sections 7 through 21] as essential freight rail revenue bonds.

(3) "Cost", as applied to any project, means any cost of any part of the project pursuant to 60-11-120.

(4) "Outstanding bonds" means bonds issued and outstanding at any particular time but does not include bonds owned by the state, bonds that have been refunded, or bonds for the payment of which an irrevocable deposit of cash and United States government securities has been made in an amount sufficient to pay principal, interest, and redemption premium, if any, when due.

(5) "Projects" means the acquisition, construction, reconstruction, maintenance, and repair of rail lines.

(6) "Revenue" means the revenue from the operation of a rail line credited to the department in the state special revenue fund."

**Insert:** "NEW SECTION. **Section 8. Revenue bond debt service account -- deposit of bond proceeds.** (1) There is in the debt service fund an essential freight rail revenue bond debt service account. Subject only to the prior pledge and appropriation made by 17-5-507, the state treasurer shall deposit revenue as may be pledged to the payment of particular bonds to the credit of the essential freight rail revenue bond debt service account as required by resolution or indenture.

(2) All proceeds of an issue of bonds must be deposited in a separate account in the state special revenue fund, except that any premiums and accrued interest received may be deposited in a separate account in the debt service fund established for that bond issue by resolution or indenture. No more than the principal and interest on the bonds due in any year may be retained in the essential freight rail revenue bond debt service account for the payment of bonds. The remainder of pledged revenue is available for authorized purposes of the department. Money

deposited in the separate accounts in the state special revenue fund until spent for project purposes may be pledged and appropriated for the payment of bonds, which are a first lien and prior charge upon the funds, and the funds may be used for payment of bonds to the extent that revenue deposited in the essential freight rail revenue bond debt service account are not sufficient for those purposes.

(3) Interest and investment earnings on the separate accounts in subsections (1) and (2) must be retained in the separate accounts referred to in subsection (2)."

**Insert: "NEW SECTION. Section 9. Pledge of revenue.** All or any portion of revenue may be pledged to the payment of the principal, interest, and redemption premium, if any, on particular issues of essential freight rail revenue bonds, and the pledge is and remains at all times a first lien and prior charge upon the pledged revenue credited to the essential freight rail revenue bond debt service account, subject to a first lien and charge in favor of certain essential freight rail revenue bonds as provided in 17-5-507 and subject to the pledge of particular revenue to secure particular issues of essential freight rail revenue bonds."

**Insert: "NEW SECTION. Section 10. Authority to issue revenue bonds.** The board may issue and sell essential freight rail revenue bonds to finance the cost of projects, to pay the costs of issuing the bonds, and to provide for reserves, upon recommendation of the department. The state reserves the right to issue additional bonds secured equally and ratably by the pledge and appropriation of the revenue or separately secured by a portion of revenue subject only to the pledge of particular revenue to secure particular bonds."

**Insert: "NEW SECTION. Section 11. Collection of revenue -- restriction on additional bonds.** The legislature shall provide for the continued collection and deposit of revenue into the state special revenue fund for the credit of the department in amounts sufficient to pay, when due, the annual debt service charges on all outstanding bonds. The board is authorized to include a contractual undertaking for the benefit of bondholders to this effect in the resolution or indenture under which the bonds are issued."

**Insert: "NEW SECTION. Section 12. Bond anticipation notes -- issued when -- payment of principal and interest.** (1) The board may, pending the issuance of essential freight rail revenue bonds, issue temporary notes in anticipation of the proceeds to be derived from the sale of the bonds, which notes are designated as "bond anticipation notes". The proceeds of the sale of the bond anticipation notes may be used only for the purpose for which the proceeds of the bonds are to be used, including costs of issuance. If, prior to the issuance of the bonds, it becomes necessary or desirable to redeem outstanding notes, additional bond anticipation notes may be issued to redeem the outstanding notes. A renewal of any note may not be issued after the sale of bonds in anticipation of which the original notes were issued.

(2) Bond anticipation notes or other short-term evidences of indebtedness maturing not more than 3 years after the date of issue may be issued from time to time as the proceeds are needed. The notes must be authorized by the board and have terms and provisions as may be provided by resolution of the board. However, each resolution of the board authorizing notes must:

(a) describe the need for the proceeds of the notes to be issued; and  
(b) specify the principal amount of the notes or maximum principal amount of the notes that may be outstanding at any one time, the rate or rates of interest or maximum rate of interest or interest rate formula of the notes as determined in the manner specified in the resolution authorizing the notes, and the maturity date or maximum maturity date of the notes.

(3) Subject to the limitations contained in this section and the standards and limitations prescribed in the authorizing resolution, the board in its discretion may provide for the notes described in subsection (2) to be issued and sold, in whole or in part, from time to time, and may delegate to the state treasurer the power to determine the time or times of sale, the manner of sale, the amounts, the maturities, the rate or rates of interest, and other terms and details of the notes as may be considered appropriate by the board or, if there has been a delegation, the state treasurer. The board may, in its discretion but subject to the limitations contained in this section, provide in the resolution authorizing the issuance of notes for:

(a) the employment of one or more persons or firms to assist the board in the sale of the notes;  
(b) the appointment of one or more banks or trust companies, either inside or outside the state, as depository for safekeeping and as agent for the delivery and payment of the notes;  
(c) the refunding of the notes, from time to time, without further action by the board, unless and until the board revokes the authority to refund; and

(d) other terms and conditions that the board may consider appropriate."

**Insert: "NEW SECTION. Section 13. Form -- principal and interest -- fiscal agent -- bonds authorized.** (1) Each series of essential freight rail revenue bonds may be issued by the board at public or private sale, in denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with provisions for the conversion or exchange, bearing interest at a rate or rates or the method of determining the rate or rates, maturing at times, not more than 40 years from the date of issue, subject to redemption at earlier times and prices and upon notice, and payable at the office of a fiscal agency of the state that the board shall determine, subject

to the limitations contained in [sections 7 through 21]. Any action taken by the board under [sections 7 through 21] must be approved by at least a majority vote of its members.

(2) In all other respects, the board is authorized to prescribe the form and terms of the bonds and shall do whatever is lawful and necessary for their issuance and payment.

(3) Bonds and any interest coupons appurtenant to the bonds must be signed by the members of the board, and the bonds must be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all bonds issued and sold.

(4) The board may employ a fiscal agent and a bond registrar and transfer agent to assist in the performance of its duties under [sections 7 through 21].

(5) In connection with the issuance and sale of bonds, the board may arrange for lines of credit or letters of credit with any bank, firm, or person for the purpose of providing an additional source of repayment for bonds issued pursuant to [sections 7 through 21]. Amounts drawn on lines of credit may be evidenced by negotiable or nonnegotiable notes or other evidences of indebtedness, containing the terms and conditions that the board may authorize in the resolution approving the same.

(6) No more than \$150 million of bonds issued under [sections 7 through 21] may be outstanding at any time. Additional bonds, other than refunding bonds, may not be issued until the pledge in favor of the bonds is satisfied and discharged."

**Insert: "NEW SECTION. Section 14. Trust indenture.** In the discretion of the board, essential freight rail revenue bonds issued under [sections 7 through 21] may be secured by a trust indenture by and between the board and a trustee, which may be any trust company or bank having the powers of a trust company inside or outside of the state. Each trust indenture or an executed counterpart of the indenture must be filed in the office of the secretary of state. The filing of a trust indenture or an executed counterpart of the indenture in the office of the county clerk and recorder of the county in which the property covered by the trust indenture is located is constructive notice of its content to all persons from the time of filing, and the recording of the trust indenture or its content is not necessary."

**Insert: "NEW SECTION. Section 15. Provisions for protecting bondholders.** The resolution of the board providing for the issuance of essential freight rail revenue bonds or the trust indenture may contain provisions for protecting and enforcing the rights and remedies of the bondholders that are reasonable, proper, and not in violation of law, including covenants setting forth the duties of the state, the board, and the department in relation to the projects financed with the proceeds of the bonds and the custody, safeguarding, and application of all money. The trust indenture may set forth the rights and remedies of the bondholders customary in trust indentures, deeds of trusts, and mortgages securing bonds or debentures of corporations. The enumeration of particular powers granted by this section may not impair any general grant of power contained in [sections 7 through 21]."

**Insert: "NEW SECTION. Section 16. Personal liability -- suit to compel performance.** (1) The members of the board and officers and employees of the department are not personally liable or accountable by reason of the issuance of or on any essential freight rail revenue bond issued by the board under [sections 7 through 21].

(2) Any holder of bonds issued under [sections 7 through 21] or any person or officer who is a party in interest, subject to any applicable agreements or trust indentures, may sue to enforce and compel the performance of the bond provisions as set out in [sections 7 through 21]."

**Insert: "NEW SECTION. Section 17. Negotiability of bonds.** Essential freight rail revenue bonds issued under [sections 7 through 21] are negotiable instruments under the Uniform Commercial Code, subject only to the provisions for registration of bonds."

**Insert: "NEW SECTION. Section 18. Signatures of board members.** If any member of the board whose signature appears on essential freight rail revenue bonds or coupons issued under [sections 7 through 21] ceases to be a member before the delivery of the bonds, the member's signature is nevertheless valid and sufficient for all purposes as if the member had remained in office until delivery."

**Insert: "NEW SECTION. Section 19. Refunding obligations.** (1) The board may provide for the issuance of refunding obligations for refunding any obligations then outstanding that have been issued under [sections 7 through 21], including the payment of any redemption premium and any interest accrued or to accrue to the date of redemption of the obligations. The issuance of refunding obligations, the maturities and other details, the rights of the holders, and the rights, duties, and obligations of the state are governed by the appropriate provisions of [sections 7 through 21] that relate to the issuance of the obligations.

(2) Refunding obligations issued as provided in subsection (1) may be sold or exchanged for outstanding obligations issued under [sections 7 through 21]. The proceeds may be applied to the purchase, redemption, or payment of the outstanding obligations. Pending the application of the proceeds of refunding obligations, with other available funds, to the payment of principal, accrued interest, and any redemption premium on the obligations being refunded and, if permitted in the resolution authorizing the issuance of the refunding obligations or in the trust

In accordance with the constitutions of the United States and the state of Montana, the state pledges that it will not in any way impair the obligations of any agreement between the state and the holders of notes and essential freight rail revenue bonds issued by the state under [sections 7 through 21]."

**Insert:** "NEW SECTION. Section 21. Tax exemption of bonds -- legal investment. The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, Montana 59620

The Honorable Jon Tester

HOUSE JOURNAL  
SIXTY-SIXTH LEGISLATIVE DAY - MARCH 29, 2005

President of the Senate  
State Capitol  
Helena, Montana 59620

Dear Speaker Matthews and President Tester:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments House Bill 266, "**AN ACT IMPLEMENTING THE NOXIOUS WEED MANAGEMENT TRUST FUND CONSTITUTIONAL AMENDMENT; AMENDING SECTIONS 60-3-201, 80-7-508, 80-7-801, 80-7-811, 80-7-814, AND 80-7-815, MCA; AND PROVIDING EFFECTIVE DATES**" for the following reasons.

House Bill 266 implements the constitutional amendment establishing the noxious weed management trust fund, passed by the voters in November of 2004. My proposed amendments make no substantive changes to the bill. Rather, the amendments accomplish two things. First, they clarify that interest or revenue generated by the trust fund must be expended only on noxious weed management projects, as provided in the voter-passed constitutional amendment. Second, they correct certain internal subsection references misnumbered in the drafting process.

I have discussed my proposed amendment with the sponsor of the bill, Representative Diane Rice, and with Nancy Peterson, Director of the Montana Department of Agriculture. Both individuals support the amendment. The proposed amendment is attached to this letter.

Sincerely,

BRIAN SCHWEITZER  
Governor

(ii) The county treasurer shall distribute 14.5% of the Dawson County share to the countywide community college district in Dawson County.

(3) The remaining oil and natural gas production taxes for each county must be used for the exclusive use and benefit of the county, including districts within the county established by the county.

(4) (a) The county treasurer shall distribute oil and natural gas production taxes to school districts in each county referred to in subsection (2) as provided in subsections (4)(b) through (4)(d).

(b) The amount distributed to each K-12 district within the county is equal to oil and natural gas production taxes in the county multiplied by the ratio that oil and natural gas production taxes attributable to oil and natural gas production in the K-12 school district bear to total oil and natural gas production taxes attributable to total oil and natural gas production in the county and multiply that amount by the school district percentage figure for the county referred to in subsection (2)(a).

(c) For the amount to be distributed to each elementary school district and to each high school district under subsection (4)(d), the department shall first determine the amount of oil and natural gas taxes in the high school district that is attributable to oil and natural gas production in each elementary school district that is located in whole or in part within the exterior boundaries of a high school district and multiply that amount by the school district percentage figure for the county referred to in subsection (2)(a).

(d) (i) The amount distributed to each elementary school district that is located in whole or in part within the exterior boundaries of a high school district is equal to the amount determined in subsection (4)(c) multiplied by the ratio that the total mills of the elementary school district bear to the sum of the total mills of the elementary school district and the total mills of the high school district.

(ii) The amount distributed to the high school district is equal to the amount determined in subsection (4)(c) multiplied by the ratio that the total mills of the high school district bear to the sum of the total mills of each elementary school district referred to in subsection (4)(c) and the total mills of the high school district.

(6) The department shall remit the amounts to be distributed in this section to the county treasurer by the following dates:

The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, Montana 59620

Dear President Tester and Speaker Matthews:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments Senate Bill 61, "**AN ACT PROVIDING FOR APPOINTMENT OF TWO LEGISLATIVE LIAISONS TO THE STATE COMPENSATION INSURANCE FUND BOARD OF DIRECTORS; AUTHORIZING LIAISONS TO ATTEND BOARD MEETINGS AND RECEIVE INFORMATION AND ASSISTANCE FROM STATE COMPENSATION INSURANCE FUND STAFF; PROVIDING COMPENSATION AND LENGTH OF SERVICE; AMENDING SECTION 2-15-1019, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE**" for the following reasons.

Senate Bill 61 inserts members of the legislatures' economic affairs interim committee into the board meetings of the directors of the state compensation insurance fund. While the bill appears to be largely gratuitous since now anyone can attend the board meetings, receive agendas and request material from staff, my amendatory veto focuses only on two areas. First, subsection (10)(c) that places additional burdens on state fund staff for information and services and second that the funding for compensation is not budgeted. My proposed amendments eliminate subsection 10(c) and adds a provision requiring that the funding for the bill be paid for out of the economic affairs interim committee budget.

Sincerely,

BRIAN SCHWEITZER

**"53-6-1201. Special revenue fund -- health and medicaid initiatives.** (1) There is a health and medicaid initiatives account in the state special revenue fund established by 17-2-102. This account is to be administered by the department of public health and human services.

(2) There must be deposited in the account:

(a) money from cigarette taxes deposited under 16-11-119(1)(c); ~~and~~

(b) money from taxes on tobacco products other than cigarettes deposited under 16-11-206(1)(b); and

(c) any interest and income earned on the account.

(3) This account may be used only to provide funding for:

(a) the state funds necessary to take full advantage of available federal matching funds in order to maximize enrollment of eligible children under the children's health insurance program, provided for under Title 53, chapter 4, part 10, and to provide outreach to the eligible children. The increased revenue in this account is intended to increase enrollment rates for eligible children in the program and not to be used to support existing levels of enrollment based upon appropriations for the biennium ending June 30, 2005.

(b) a new need-based prescription drug program established by the legislature for children, seniors, chronically ill, and disabled persons that does not supplant similar services provided under any existing program;

(c) increased medicaid services and medicaid provider rates. The increased revenue is intended to increase medicaid services and medicaid provider rates and not to supplant the general fund in the trended traditional level of appropriation for medicaid services and medicaid provider rates.

(d) an offset to loss of revenue to the general fund as a result of new tax credits or to fund new programs to assist small businesses with the costs of providing health insurance benefits to employees, if these tax credits or programs are established by the legislature after the effective date of this section.

HOUSE JOURNAL  
SEVENTIETH LEGISLATIVE DAY - APRIL 2, 2005

(4) (a) Except for \$1 million appropriated for startup costs related to [sections 1 and 2], the money appropriated for fiscal year 2006 for the program in subsection (3)(b) may not be expended until the office of budget and program planning has certified that \$25 million has been deposited in the account provided for in this section or December 1, 2005, whichever occurs earlier.

(b) On or before July 1, the budget director shall calculate a balance required to sustain the program in subsection (3)(b) for each fiscal year of the biennium. If the budget director certifies that the reserve balance will be sufficient, then the department may expend the revenue for the program as appropriated. If the budget director determines that the reserve balance of the revenue will not support the level of appropriation, the budget director shall notify the department. Upon receipt of the notification, the department shall adjust the operating budget for the program to reflect the available revenue as determined by the budget director.

(c) Until the programs or credits described in subsections (3)(b) and (3)(d) are established, the funding must be used exclusively for the purposes described in subsections (3)(a) and (3)(c).

(5) The phrase "trended traditional level of appropriation", as used in subsection (3)(c), means the appropriation amounts, including supplemental appropriations, as those amounts were set based on eligibility standards, services authorized, and payment amount during the past five biennial budgets.

(6) The department of public health and human services may adopt rules to implement this section."

[Sections 1 through 3] and Title 53, chapter 6, part 10, may not be construed to require implementation or ongoing operation of the program under 53-6-1201(3)(b) without a line item appropriation in the general appropriations bill included for that purpose."

**MESSAGES FROM THE GOVERNOR**

April 8, 2005

The Honorable Gary Matthews  
Speaker of the House  
State Capitol

The Honorable Jon Tester  
President of the Senate  
State Capitol  
Helena, MT 59620

Dear Speaker Matthews and President Tester:

HOUSE JOURNAL  
SEVENTY-SIXTH LEGISLATIVE DAY - APRIL 9, 2005

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments to Senate Bill No. 326, "AN ACT REVISING THE LAW ON EXCAVATION NEAR UNDERGROUND FACILITIES; PROVIDING FOR SPECIFIC DAMAGE FEES; SETTING A DEADLINE FOR PAYMENT OF FEES; ALLOWING FOR JUDICIAL REVIEW OF FEES LEVIED; DESIGNATING THE USE OF FEES COLLECTED; PROVIDING FOR THE MAINTENANCE OF DAMAGE INCIDENT HISTORIES; AND AMENDING SECTIONS 69-4-501 AND 69-4-505, MCA," in the following manner:

Senate Bill No. 326 imposes damage fees against excavators who have failed to obtain information as to the location of an underground facility from a one-call notification center and have damaged an underground facility. The damage fees imposed under Senate Bill No. 326 are in addition to the excavator's liability to the owner of the underground facility for the full cost of the repair of the facility, pursuant to existing law.

My amendment reduces the damages fees that may be assessed against the excavator from a maximum of \$250 to \$125 for the first incident; from a maximum of \$1,000 to \$250 for the second incident; and from \$2,500 to \$500 for the third and subsequent incidents. I have proposed this amendment because I am concerned that the level of fees contained in the bill in its current form are excessive in relation to the egregiousness of the conduct giving rise to the fees and may be onerous to excavators operating small businesses. My amendment does not alter current law that fully compensates the owners of underground facilities for the cost of the repairs.

I have discussed my proposed amendment with the sponsor of the bill, Senator Jesse Laslovich. The proposed amendment is attached to this letter.

Sincerely,

BRIAN SCHWEITZER  
GOVERNOR

**Insert:** "**Section 6.** Section 15-70-522, MCA, is amended to read:

**"15-70-522. Tax incentive for production of alcohol -- ~~written plan required~~ -- reservation of incentives --rules.** (1) (a) If the alcohol was produced in Montana from Montana agricultural products, including Montana wood or wood products, or if the alcohol was produced from non-Montana agricultural products when Montana products are not available, there is a tax incentive payable to alcohol distributors for distilling alcohol that:

(i) is to be blended with gasoline for sale as gasohol in Montana;

(ii) was exported from Montana to be blended with gasoline for sale as gasohol; or

(iii) is to be used in the production of ethyl butyl ether for use in reformulated gasoline.

(b) Payment must be made by the department out of the amount collected under 15-70-204.

(2) Except as provided in subsections (3) and (4), the tax incentive on each gallon of alcohol distilled in accordance with subsection (1) is ~~30~~ 20 cents a gallon for each gallon that is 100% produced from Montana products, with the amount of the tax incentive for each gallon reduced proportionately, based upon the amount of agricultural or wood products not produced in Montana that is used in the production of the alcohol. ~~Beginning July 1, 2010, there is no tax incentive.~~ The tax incentive is available to a facility for the first 6 years from the date that the facility begins production. The facility shall file a business plan with the department at least 2 years before the estimated beginning date of

HOUSE JOURNAL  
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 13, 2005

production. After the initial business plan is filed, the facility shall provide the department with quarterly updates regarding any changes to the business plan.

(3) Regardless of the alcohol tax incentive provided in subsection (2);

(a) the total payments made for the incentive under this part may not exceed \$6 million in any consecutive 12-month period;

(b) a plant or facility is not eligible to receive the tax incentive unless the facility paid the standard prevailing rate of wages for heavy construction, as provided in 18-2-401(13)(a), during the construction phase; and

(c) an alcohol distributor is not eligible to receive the tax incentive unless at least:

(i) 20% Montana product is used to produce alcohol at the facility in the first year of production;

(ii) 25% Montana product is used to produce alcohol at the facility in the second year of production;

(iii) 35% Montana product is used to produce alcohol at the facility in the third year of production;

(iv) 45% Montana product is used to produce alcohol at the facility in the fourth year of production;

(v) 55% Montana product is used to produce alcohol at the facility in the fifth year of production; and

(vi) 65% Montana product is used to produce alcohol at the facility in the sixth year of production.

(4) (a) An alcohol distributor may not receive tax incentive payments under subsection (2) that exceed \$3 \$2 million in any consecutive 12-month period. Subject to subsections (5) and (6), an alcohol distributor may receive tax incentive payments commencing the first quarter after a facility begins production. The distributor shall report its production to the department pursuant to 15-70-205.

(b) The distributor's report must include:

(i) the total number of gallons produced for the month;

(ii) the total amount of products purchased for the production of alcohol;

(iii) the percentage of the total amount of products purchased that are Montana products; and

(iv) other information that the department determines is necessary.

(5) An alcohol distributor may not receive tax incentive payments under subsection (2) unless the distributor has provided a written business plan to the department of transportation at least 24 months before the distributor's anticipated collection of the tax incentives and has complied with the schedule provided for in subsection (6). The plan must contain the following information:

\_\_\_\_\_ (a) the source or sources of financing for the acquisition of the plant, land, and equipment used for the production of alcohol for use in gasohol;

\_\_\_\_\_ (b) the anticipated source of agricultural products used in the production of alcohol for use in gasohol; and

\_\_\_\_\_ (c) the anticipated time, quantity, and duration of production of alcohol for use in gasohol;

\_\_\_\_\_ (6) An applicant that has provided the department with a written business plan shall meet the following schedule to be able to receive alcohol tax incentive payments:

\_\_\_\_\_ (a) start building construction or remodeling within 24 months of the date on which the department received the business plan;

\_\_\_\_\_ (b) complete 50% of construction or remodeling of a production facility within 36 months of the date on which the business plan was received; and

\_\_\_\_\_ (c) complete 100% of construction or remodeling of a production facility and be in production of alcohol for use in gasohol for distribution within 48 months of the date on which the business plan was received.

\_\_\_\_\_ (7) If the applicant does not adhere to the schedule in subsection (6), the applicant loses its priority for receiving incentive payments.

(8)(5) (a) A plant shall apply for the incentive payment by submitting an application to the department when the plant has proof of commitment from lenders to finance the plant. Subject to subsection (5)(b), the department shall respond to the applicant with approval of the application within 45 days of receipt of the application, after confirming the lending commitment. Upon approval of the application, the department shall enter into a contract with the plant that ensures the state's commitment to pay incentive payments to qualifying ethanol plants.

(b) If the department is not able to confirm a lending commitment, the department shall deny the application.

(6) After the department has verified production, the application provisions of subsection (5) are met, and the plant owner presents proof of financing, the department shall begin payments of the alcohol tax incentives based on actual

production according to the terms of ~~subsection~~ subsections (2) and (4). ~~(9) The department shall reserve, in the order that written plans required under subsection (5) are received by the department, alcohol tax incentives based on the anticipated time, quantity, and duration of production.~~

~~(10) A new tax incentive payment may not be made if the total tax incentive established in subsection (3) has been reserved or paid. If an alcohol tax incentive has been reduced or canceled, the amount by which the tax incentive has been reduced or canceled is available for reservation as provided in subsection (9).~~

~~(11)(7) The department shall prescribe rules necessary to carry out the provisions of this section within 1 year of [the effective date of this act]. The department shall coordinate and request information and input from the alcohol production industry as a part of the rulemaking process and shall follow the procedures provided in Title 2, chapter 4."~~

**Insert: "Section 7.** Section 17-6-317, MCA, is amended to read:

**"17-6-317. Participation by private financial institutions -- rulemaking.** (1) (a) The board may jointly participate with private financial institutions in making loans to a business enterprise if the loan will:

(i) result in the creation of a business estimated to employ at least 10 people in Montana on a permanent, full-time basis;

(ii) result in the expansion of a business estimated to employ at least an additional 10 people in Montana on a permanent, full-time basis; or

(iii) prevent the elimination of the jobs of at least 10 Montana residents who are permanent, full-time employees of the business.

(b) Loans under this section may be made only to business enterprises that are producing or will produce value-added products or commodities.

(c) A loan made pursuant to this section does not qualify for a job credit interest rate reduction under 17-6-318.

(2) A loan made pursuant to this section may not exceed 1% of the coal severance tax permanent fund and must comply with each of the following requirements:

(a) (i) The business enterprise seeking a loan must have a cash equity position equal to at least 25% of the total loan amount.

(ii) A participating private financial institution may not require the business to have an equity position greater than 50% of the total loan amount.

(iii) If additional security or guarantees, exclusive of federal guarantees, are required to cover a participating private financial institution, then the additional security or guarantees must be proportional to the amount loaned by all participants, including the board of investments.

(b) The board shall provide 75% of the total loan amount.

(c) The term of the loan may not exceed 15 years.

(d) The board shall charge interest at the following annual rate:

(i) 2% for the first 5 years if 15 or more jobs are created or retained;

(ii) 4% for the first 5 years if 10 to 14 jobs are created or retained;

(iii) 6% for the second 5 years; and

(iv) the board's posted interest rate for the third 5 years, but not to exceed 10% a year.

(e) (i) The interest rates in subsections (2)(d)(i) and (2)(d)(ii) become effective when the board receives certification that the required number of jobs has been created or as provided in subsection (2)(e)(ii). If the board disburses loan proceeds prior to creation of the required jobs, the loan must bear interest at the board's posted rate.

(ii) In establishing interest rates under subsections (2)(d)(i) and (2)(d)(ii) for preventing the elimination of jobs, the board shall require the submission of financial data that allows the board to determine if the loan and interest rate will in fact prevent the elimination of jobs.

(f) If a business entitled to the interest rate in subsection (2)(d)(i) or (2)(d)(ii) reduces the number of required jobs, the board may apply a graduated scale to increase the interest rate, not to exceed the board's posted rate.

(g) For purposes of calculating job creation or retention requirements, the board shall use the average weekly salary, as defined in 39-71-116, multiplied by the number of jobs required. This calculated number is the minimum aggregate salary threshold that is required to be eligible for a reduced interest rate. If individual jobs created pay less than the average weekly salary, the borrower shall create more jobs to meet the minimum aggregate salary threshold. If fewer

HOUSE JOURNAL  
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 13, 2005

jobs are created or retained than required in subsection (2)(d)(i) or (2)(d)(ii) but aggregate salaries meet the minimum aggregate salary threshold, the borrower is eligible for the reduced interest rate. A job paying less than the minimum wage, provided for in 39-3-409, may not be included in the required number of jobs.

(h) (i) A participating private financial institution may charge interest in an amount equal to the national prime interest rate, adjusted on January 1 of each year, but the interest rate may not be less than 6% or greater than 12%.

(ii) At the borrower's discretion, the borrower may request the lead lender to change this prime rate to an adjustable or fixed rate on terms acceptable to the borrower and lender.

(iii) A participating private financial institution, or lead private financial institution if more than one is participating, may charge a 0.5% annual service fee.

(i) The business enterprise may not be charged a loan prepayment penalty.

(j) The loan agreement must contain provisions providing for pro rata lien priority and pro rata liquidation provisions based upon the loan percentage of the board and each participating private lender.

(3) If a portion of a loan made pursuant to this section is for construction, disbursement of that portion of the loan must be made based upon the percentage of completion to ensure that the construction portion of the loan is advanced prior to completion of the project.

(4) A private financial institution shall participate in a loan made pursuant to this section to the extent of 85% of its lending limit or 25% of the loan, whichever is less. However, the board's participation in the loan must be 75% of the loan amount.

(5) (a) ~~Except as provided in subsection (5)(b), a business enterprise receiving a loan under the provisions of this section may not pay bonuses or dividends to investors until the loan has been paid off, except that incentives may be paid to employees for achieving performance standards or goals.~~

(b) A business enterprise for the production of alcohol to be used as provided in Title 15, chapter 70, part 5, may pay dividends to investors and bonuses to employees if the business enterprise is current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

(6) The board may adopt rules that it considers necessary to implement this section.""

**MESSAGES FROM THE GOVERNOR**

April 15, 2005

The Honorable Jon Tester  
President of the Senate  
State Capitol  
Helena, MT 59620

The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, MT 59620

Dear President Tester and Speaker Matthews:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill 260, **“AN ACT PROVIDING THAT A FINAL DECISION IN A CONTESTED CASE PROCEEDING MUST BE ISSUED WITHIN 90 DAYS UNLESS GOOD CAUSE IS SHOWN AND MUST BE REVISED TO CONFORM TO AN ORAL PRONOUNCEMENT OF A FINAL DECISION IF REQUESTED BY A PARTY IN WRITING WITHIN 30 DAYS AFTER FILING THE FINAL DECISION; REQUIRING MAIL NOTICE OF A DECISION; AMENDING SECTION 2-4-623, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE,”** for the following reasons.

Senate Bill 260, sponsored by Senator Perry, establishes a time frame within which a final decision must be issued in a contested case proceeding under the Montana Administrative Procedure Act. It also provides a procedure to follow if a written decision conflicts with an oral pronouncement of the decision, and requires that upon the occurrence of such a conflict, any party may request modification of the written decision, and the oral pronouncement of the decision will prevail. A companion bill, Senate Bill 62, also sponsored by Senator Perry, requires that all final decisions in a contested case proceeding under the Administrative Procedure Act must be in writing. I support that bill.

My proposed amendments to Senate Bill 260 alter the time within which a final decision in a contested case proceeding must be issued. Under my amendments, a written decision must be issued within 90 days after a contested case is deemed submitted for decision to the final decision maker. As the bill stands in its current form, the 90 day

HOUSE JOURNAL  
EIGHTY-SECOND LEGISLATIVE DAY - APRIL 16, 2005

period begins to run from the time of the close of the contested case hearing. Because many procedural steps – such as the filing of exceptions and subsequent oral argument – may occur after the close of the hearing, and because scheduling difficulties at times prolong the completion of these steps, it is more realistic to require that the clock for issuance of the written decision begin to run after the case is deemed submitted, rather than at the close of the hearing. Because the time for issuance of the final decision is extended under these proposed amendments, in the spirit of keeping with the sponsor's intent, my amendments compensate by shortening the time within which an extension is authorized, for good cause shown, from 90 to 30 days.

Secondly, my proposed amendments eliminate the requirement in the bill that if an oral pronouncement of the decision conflicts with a written decision, at the request of a party, the agency must modify the decision to conform to the oral pronouncement. I propose this amendment because I do not believe this provision of the bill fosters deliberate judicial decision-making. Rather, I believe that such a requirement would increase the likelihood of faulty agency decisions and unnecessary appeals, thereby increasing the costs of litigation. Additionally, particularly in light of the requirement contained in Senate Bill 62 that all final decisions in contested case hearings be in writing, I believe the requirement in this bill that an oral pronouncement of a decision would trump the written decision undermines the policy that decisions be in writing and that the written decision, and the written decision only, is the decision on which parties to a proceeding can and must rely.

I understand that the sponsor of the bill, Senator Perry, has modeled this requirement that an oral pronouncement of a decision prevails over a written decision on the criminal code. However, I am informed that criminal lawyers, both prosecutors and defense lawyers, find the criminal provision unmanageable and contrary to deliberative decision-making.

My proposed amendments also provide an applicability date, clarifying that Senate Bill 260 applies to contested case hearings commenced after the effective date of the act.

Senator Perry has been informed of my proposed amendments. The proposed amendments are attached to this letter.

Sincerely,

BRIAN SCHWEITZER  
GOVERNOR

Dear Speaker Mathews and President Tester:

I am attaching a proposed amendment to Senate Bill 212, which will help clarify the intent of the bill.

The intent of SB 212 is to ensure that 25% of Federal mineral leasing funds are put into a dedicated account and distributed to local governments and that the remaining 75% is deposited into the general fund. Under current law, all funds are deposited into the general fund and then 25% is transferred out of the general fund at the end of the year for local governments.

In this regard, we have removed language that could be misconstrued as dedicating or distributing part of the 75% of Federal mineral leasing funds, which are deposited into the general fund, to local governments. Only the 25% excepted in subsection (2) is dedicated and distributed to local governments.

The proposed amendments are attached to this letter.

Sincerely,

BRIAN SCHWEITZER  
GOVERNOR

Dear Speaker Mathews and President Tester:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill SB 401 for the following reasons:

The Secretary of State recently noticed that there is an erroneous reference in section 71-3-125 MCA and has requested that I amend Senate Bill 401, sponsored by Senator Laslovich, to correct the mistaken reference.

In the 2003 Montana Code, Section 71-3-125(4)(a) states that the Secretary of State "shall record the agricultural lien statement on the centralized computer system as set forth in 30-9A-502." This clause should properly refer to Section 30-9A-501, not 502, and my proposed amendment, which is attached to this letter, accomplishes this.

Sincerely,

My proposed amendment reduces the amount of money transferred from the state general fund to the cultural and aesthetic projects trust fund by \$500,000 in order to provide funding in HB 423 for a \$500,000 general fund appropriation for the Great Plains Dinosaur Park in Malta. The interest lost from the reduction in the cultural and aesthetic projects trust fund as a result of this amendment has been backfilled in House Bill 2 by the free conference committee. Dear Speaker Matthews and President Tester:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 172, **"AN ACT REVISING CERTAIN RESIDENT AND NONRESIDENT FISHING AND HUNTING LICENSE AND DRAWING FEES; CREATING A RESIDENT SENIOR COMBINATION LICENSE; AMENDING SECTIONS 87-2-113, 87-2-202, 87-2-301, 87-2-306, 87-2-401, 87-2-403, 87-2-411, 87-2-501, 87-2-505, 87-2-508, 87-2-510, 87-2-701, 87-2-704, 87-2-708, 87-2-711, 87-2-801, 87-2-803, AND 87-2-805, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE,"** for the following reasons.

House Bill 172 revises resident and nonresident fishing and hunting license fees. I recognize that perhaps more than anything else, Montanans young and old, rich and poor, treasure their opportunity to fish the state's bountiful streams and lakes and hunt in the state's mountains and valleys, fields and plains. I share in the passion of Montanans to spend an evening on the river and to rise with the sun to hunt Montana's wildlife.

My proposed amendments to House Bill 172 lower the proposed increase in residential fishing license fees by \$2 and make slight adjustments to the nonresidential black bear fees in current law. Because of the large number of Montana anglers, my proposed amendments result in a savings to Montanans in excess of \$250,000. The amendments are attached to this letter.

Dear President Tester and Speaker Matthews:

In accordance with the powers vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill 120, "A BILL FOR AN ACT ENTITLED: AN ACT REVISING AND EXTENDING THE UTILIZATION FEE ON HOSPITAL FACILITIES FOR INPATIENT BED DAYS INCLUDING CRITICAL ACCESS FACILITIES IN THE DEFINITION OF "HOSPITAL"; AMENDING SECTIONS 15-66-101, 15-66-102, AND 15-66-201, MCA, AND SECTION 20, CHAPTER 390, LAWS OF 2003; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE."

Health care for Montana citizens is of the utmost importance to my administration and I have pledged to work as hard as I can to ensure its availability, especially in our rural communities. But threats to that health care are on the horizon.

HOUSE JOURNAL  
EIGHTY-THIRD LEGISLATIVE DAY - APRIL 18, 2005

While I was attending the National Governor's Conference in Washington, DC in late February, President George W. Bush provided a stern warning, which he emphasized by pointing a finger at the Governors in attendance, expressing his objection to practices like Montana's hospital utilization fee. His administration has begun an effort to end widespread uses of such practices by the states. The President indicated that he was targeting \$40 billion in cuts in revenues that currently go to states, \$11 billion in intergovernmental transfers and \$6.9 billion in provider (hospital and nursing homes) fees, which are key to this hospital utilization fee.

Further, only half of the states have hospital utilization fees, such as those in SB 120, which further amplifies the current risk to Montana.

Because Montana's hospital utilization fee, as outlined in SB 120, is the kind of practice that was targeted by the President, it is essential that we structure the law to best meet Montana's medical care needs while at the same time providing the state's medical care providers with the strongest protection from negative action on the part of the federal government.

We need to do our best to meet the letter and spirit of the President's effort, but do so in a manner that protects the interests of Montana's medical care providers and Montana medical patients.

My analysis of the federal objections shows that the continuation of existing allocation language and practices related to the hospital utilization fee pose the greatest target for federal action.

I have determined that the best way to meet both of those important needs is to amend SB 120 to inoculate Montana from federal action by providing flexibility in the administration and uses of the hospital utilization fee.

Therefore, after extensive research and careful consideration of the problem, I propose the attached amendments, which:

- Allow the hospital utilization fees to be set as presently outlined in SB 120.
- Provide flexibility in allocation of the funds.
- Provide that the expenditure of funds under the law will be voided if the budget cap is legally determined to have been exceeded.

I respectfully request that the legislature agree to these amendments so that we may continue to see that Montanans can receive quality health care at the most affordable possible costs.

Sincerely,

BRIAN SCHWEITZER  
Governor

In accordance with the powers vested in me as Governor by the Constitution and the laws of the State of Montana,  
I hereby veto Senate Bill 153, "AN ACT REQUIRING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN

INDICATORS FOR THE DEPARTMENT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.”

While I share Senator Cobb’s objective of having performance measurements and goals for state agencies, three principles underline my veto action today.

First and foremost, the Department of Public Health and Human Services must keep its staff focused on the needs of the people they serve.

Second, generating a multitude of reports and paperwork that may not be needed for a particular purpose actually creates redundancy and takes away from effective government operations and customer service. DPHHS already produces a significant amount of statistical information that is adequate for future planning. This information is provided to interim committees of the legislature on a regular basis. It provides sufficient information to make appropriate decisions on future service needs and their effectiveness. DPHHS will continue to be responsive to the requests of legislative committees and provide information that can be readily obtained and that will assist the legislature, the executive branch and the public. Also, most, if not all, of the information is already available upon request from the Department of Public Health and Human Services.

Third, the executive branch understands and appreciates the need for legislative direction in the establishment of government programs, the persons to be served and the services provided. SB 153, however, is overly prescriptive and micromanages work that should be within the province of the executive agency.

Increasing efficiency in state agencies is a priority of my administration and I look forward to working with Senator Cobb and other members of the legislature in focusing on this task.

Sincerely,

BRIAN SCHWEITZER

The sponsor of the bill, Senator Laslovich, requested the proposed amendments. They were passed by the Senate on second reading, but as a result of a clerical error, they were never placed on the bill. The proposed amendments clarify and improve the definition of "offsite instructional setting" contained in the bill. The amendments are attached to this letter.

RE: Senate Bill 342 - Amendatory Veto

Dear President Tester and Speaker Matthews:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill 342, **“AN ACT CREATING AN ALTERNATIVE PROJECT DELIVERY CONTRACT PROCESS FOR CERTAIN CONSTRUCTION PROJECTS OF STATE AGENCIES AND CERTAIN LOCAL GOVERNMENTS; ESTABLISHING REQUIREMENTS THAT MUST BE MET IN ORDER TO USE AN ALTERNATIVE PROJECT DELIVERY CONTRACT; REQUIRING JUSTIFICATION FOR AN ALTERNATIVE PROJECT DELIVERY CONTRACT; REQUIRING A STATE AGENCY OR CERTAIN LOCAL GOVERNMENTS THAT USE AN ALTERNATIVE PROJECT DELIVERY CONTRACT TO STATE THE REASONS FOR SELECTING THE CONTRACTOR SELECTED; AND AMENDING SECTIONS 7-5-2301, 7-5-4302, 18-1-102, 18-2-103, 18-4-124, 20-6-606, 20-9-204, AND 67-11-201, MCA,”** for the following reasons.

Senator Laslovich requested the proposed amendment, at the request of the Department of Administration.

The proposed amendment makes the public notice requirements for alternative project delivery contracts entered by state agencies identical to the public notice requirements, generally, for state building construction contracts in excess of \$75,000, as provided in § 18-2-301, MCA. Under the bill in its current form, the public notice requirements for state contracts is expressed in two different ways, one of which, found in subsection (1)(a) of section 3 of the bill would require notice in eighty-four newspapers around the state. The Department of Administration projects that cost as \$15,000 per project. Under my proposed amendment, advertising would be required only in the seat of government and in the county where the work is to be performed. My proposed amendment also eliminates the inconsistency of the two notice requirements contained in the bill in its current form.

My proposed amendment also pertains to the definition of “request for qualifications” as used in section 3 of the bill. The bill adopts the definition for that term found in § 60-2-134, MCA. However, the definition of “request for qualifications” in 60-2-134 applies only to “design-build” contracts. Senate Bill 342 authorizes “construction management” contracts and “general contractor construction management” contracts, so the definition of “request for qualifications” contained in 60-2-134 is inconsistent with and contradictory to the remainder of Senate Bill 342.

The proposed amendment is attached to this letter.

Sincerely,

BRIAN SCHWEITZER  
GOVERNOR

**MESSAGES FROM THE GOVERNOR**

April 19, 2005

The Honorable Jon Tester  
President of the Senate  
State Capitol  
Helena, MT 59620

The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, MT 59620

Dear President Tester and Speaker Matthews:

In accordance with the powers vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill 415, "AN ACT CREATING THE MONTANA RENEWABLE POWER PRODUCTION AND RURAL ECONOMIC DEVELOPMENT ACT; PROVIDING LEGISLATIVE FINDINGS; DEFINING TERMS; PROVIDING A GRADUATED RENEWABLE ENERGY STANDARD; AUTHORIZING ADMINISTRATIVE PENALTIES; PROVIDING A WAIVER PROCESS FOR PUBLIC UTILITIES; ESTABLISHING A PROCUREMENT PROCESS; AUTHORIZING ADVANCE APPROVAL OF CERTAIN PROCUREMENT CONTRACTS BY THE PUBLIC SERVICE COMMISSION; REQUIRING THE SUBMISSION OF PROCUREMENT PLANS; AUTHORIZING THE COMMISSION TO IMPLEMENT AND ENFORCE THE PROVISIONS OF THIS ACT; PROVIDING THE COMMISSION WITH RULEMAKING AUTHORITY; EXEMPTING COOPERATIVE UTILITIES FROM THE GRADUATED RENEWABLE ENERGY STANDARD; REQUIRING CERTAIN COOPERATIVE UTILITIES TO IMPLEMENT AND ENFORCE THEIR OWN RENEWABLE ENERGY STANDARD; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

It is vital that the State of Montana develop renewable energy. Renewable energy provides clear economic benefits to electricity consumers in the way of highly favorable prices, diversification of fuel supply, stabilization of rates, and mitigation of the risk of fuel price increases. In addition, the development of renewable energy across our vast state blessed with an abundance of renewable resources will promote much needed local economic development in rural

HOUSE JOURNAL  
EIGHTY-FOURTH LEGISLATIVE DAY - APRIL 19, 2005

Montana.

In order to bring the advantages of renewable energy to Montana I have supported legislation requiring that utilities be required to obtain a certain percentage of their energy supplies from renewable energy. I have also recognized, however, the importance of flexibility in complying with the applicable standards. Accordingly, I have supported allowing waivers from compliance in appropriate circumstances, such as in the highly unlikely event that the acquisition of renewable resources would jeopardize the reliability of the grid, or if the price of renewable energy is prohibitively expensive.

The passage of SB 415 is an important statement by the legislature of the State of Montana recognizing that renewable energy is a critical part of Montana's energy future, and I commend the Senate and House on its passage. I am concerned, however, that a particular aspect of SB 415 will cause the Act to fail to fully live up to its potential.

Section 7 of SB 415 establishes a confusing technical standard for addressing when renewable energy would not have to be acquired because of its cost. In fact, Section 7 creates two such standards: one for utilities that have restructured and one for utilities that have not restructured. In addition, Section 7 treats renewable energy differently than other types of energy production, and thus inappropriately and unduly discriminates against renewable energy.

I believe that in order to ensure that renewable resource development is promoted and not frustrated by a standard that is unfair and difficult to apply, it is advisable to amend SB 415 by clarifying the cost cap standard. I want to emphasize that the amendments I propose are consistent with the intent of Section 7, which is simply that when renewable energy is too expensive it does not need to be acquired.

The proposed amendments are straightforward. First and foremost, the amendments prevent adverse rate impacts to consumers. Second, in setting a cap for the price of renewable energy the Public Service Commission is required to take into account certain specified factors. These factors, such as ancillary services costs needed to integrate the renewable resource into the electrical system and the availability of tax credits, allow for the identification of the true costs of renewable energy to customers. In addition, the Commission would be required to consider the costs of alternative forms of generation so as to provide a valid basis of comparison with renewable resource costs. Third, the amendments provide additional protections to utilities by requiring that cost caps be developed using contested case proceedings.

I believe it is critical that the Public Service Commission be involved in this process. The Commission has the needed expertise to tackle these complex issues, and its record in seeking to safeguard the interests of ratepayers is long-standing and exemplary.

I respectfully request that the legislature agree to these proposed amendments so that the promise of renewable energy development and the benefits it offers can be realized in Montana.

Sincerely,

BRIAN SCHWEITZER

Cost caps. The commission shall establish cost caps for each utility in a contested case proceeding for purchases under [section 4(2), (3)(a), (3)(b), (4)(a) and (4)(b)] to prevent adverse rate impacts to consumers, taking into account ancillary services costs, the commodity costs of renewable energy, the availability of tax credits for renewable energy, the costs of alternatives available to the utility, and the purposes of [sections 1 through 7] as set forth in [section 2].”

This bill is the real deal. I commend Senator Black for his effort to make sure Montana does not lose the race in this key value added agricultural product. Working together I knew we could get ethanol legislation that will make a real difference for Montana's hard working families. The bottom line is this is good economic policy for the state, especially for rural Montana.

Senate Bill 293 sponsored by Senator Black is a bill that I strongly support. The bill is intended to encourage the production of gasohol blended with Montana produced ethanol. These amendments make the bill easier to administer and strengthen the intent of the legislation.

In its current form SB 293 does not address the intent to encourage the use of production of gasohol to the benefit of Montana producers. My proposed amendments delete the additional three month production rate for the trigger; takes the burden off of stations that blend to make mid-grade 87 octane and still allows 91 octane free ethanol and suspends the provisions in subsection (3)(c) for any year the U.S. Secretary of Agriculture declares any county in Montana a disaster area until August of the following year.

The sponsor of the bill approves of the amendments. The proposed amendments are attached to this letter.

Sincerely,

BRIAN SCHWEITZER

**MESSAGES FROM THE GOVERNOR**

April 19, 2005

HOUSE JOURNAL  
EIGHTY-FOURTH LEGISLATIVE DAY - APRIL 19, 2005

The Honorable Jon Tester  
President of the Senate  
State Capitol  
Helena, MT 59620

The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, MT 59620

Dear President Tester and Speaker Matthews:

In accordance with the powers vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 757, "AN ACT ESTABLISHING THE MONTANA ESSENTIAL FREIGHT RAIL ACT; CREATING A REVOLVING LOAN ACCOUNT; PROVIDING FUNDING FOR THE MONTANA ESSENTIAL FREIGHT RAIL ACT REVOLVING LOAN ACCOUNT; PROVIDING GUIDELINES FOR APPLICATIONS AND ELIGIBILITY FOR A LOAN FROM THE REVOLVING LOAN ACCOUNT; PROVIDING FOR MANAGEMENT OF THE ACCOUNT; AUTHORIZING THE ISSUANCE OF REVENUE BONDS FOR FUNDING THE ACCOUNT; PROVIDING FOR A STATUTORY APPROPRIATION; AMENDING SECTIONS 17-7-502 AND 60-11-120, MCA; AND PROVIDING AN EFFECTIVE DATE."

The amendments cover two issues: changing the entity to issue the revenue bonds on the part of the state from the Board of Examiners to the Board of Investments, and having the issuance of the bonds be done pursuant to Title 17, Chapter 5, Part 15. The sponsor of the bill, Rep. Llew Jones, agrees with the amendments.

Entity to Issue the Revenue Bonds

The amendments place the bond issuance function with the Board of Investments rather than the Board of Examiners.

It is not in the best interest of the State for the Board of Examiners to issue conduit bonds, such as the revenue bonds envisioned by HB 757. In this case the State would issue bonds loan the proceeds to a private entity, and then the private entity would make loan repayments that would pay the bonds back. There would be no State credit, State revenue or taxing power pledged to the repayment.

Historically, the Board of Examiners of the State has been the entity to issue Bonds of the State, that is Bonds that really are payable from a state source, a state tax, the general fund, or revenues that the State itself has control over, bonds that bear the rating of the State, bonds that are attributable to the State's debt analysis, etc.

Because the laws that authorize the Board of Examiners to issue debt set forth the State's pledge of revenues for the various types of State debt, the Board of Examiners is not ever really called upon to have to examine the creditworthiness of a state's bond issue.

In a conduit bond transaction, the issuer really is in a position to structure and determine the credit worthiness of the bond issue. For that reason, the State has over the years, created several different conduit bond issuers, i.e. the Board of Investments, the Montana Health Facilities Authority, the State Board of Housing.

It is in the State's best interest over the long term to maintain the "practice" of the Board of Examiners issuing debt that is truly state debt and have it not get in the business of the conduit debt issuance. This bond program makes more sense under the auspices of the Board of Investments, which is experienced in analyzing the credit-worthiness of these kinds of transactions.

Issuing the Bonds Under Title 17, Chapter 5, Part 15.

HOUSE JOURNAL  
EIGHTY-FOURTH LEGISLATIVE DAY - APRIL 19, 2005

By making the bonds in the bill under Title 17, Chapter 5, Part 15 (Economic Development Bonds) we can eliminate much duplicative language in HB 757 and simplify the entire issue of railroad bonds.

All of the necessary protections and authority are in that part, including the payment of costs of issuance from the proceeds of the bonds, an issue that was heretofore unaddressed by the bill.

I respectfully request that the legislature agree to these amendments so that we may be able to efficiently move forward on the acquisition and improvement of rail spurs in Montana.

Sincerely,

BRIAN SCHWEITZER  
GOVERNOR

cc Legislative Services Division  
Department of Transportation

Dear President Tester and Speaker Matthews:

House Bill 11 is a bill that I support, however it has a serious technical error. House Bill 11, section 13 has a coordination instruction. Language in House Bill 11 is crucial to the operation of House Bill 748, general obligation bonds for water resource projects. House Bill 748 has been sent to the Governor for signature. In HB 11, section 13 the coordination language is incorrect. It strikes Section 9 that allows the payment of debt service. Without correction, bonds authorized in HB 748 cannot be paid with regional water funds, and thus will become an obligation of the general fund. My proposed amendment solves this serious technical error. My proposed amendment is attached to this letter.

Sincerely,

RE: HB 728 - Amendatory Veto

Dear Speaker Matthews and President Tester:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 728, “AN ACT REVISING FUNDING FOR THE STATE VETERANS’

HOUSE JOURNAL

CEMETERY PROGRAM; PROVIDING FOR A STATE VETERANS' CEMETERY IN YELLOWSTONE COUNTY; PROVIDING A STATUTORY APPROPRIATION OF SPECIAL REVENUE; AMENDING SECTIONS 10-2-601, 10-2-603, AND 17-7-502, MCA; AND PROVIDING AN EFFECTIVE DATE," for the following reasons.

House Bill 728 provides for a veteran's cemetery in Yellowstone County. However, the federal VA veteran's grant is not yet secured. More important, the state veteran's cemetery special revenue account that has some limited funds for the operation, maintenance and administration of the funds will be depleted within five years. An early draft of the bill had \$100,000.00 in funding and that has been stricken.

My proposed amendment requires that the bill is contingent on funding. My proposed amendment is attached to this letter.

Sincerely,

BRIAN SCHWEITZER

RE: SB 428 - Amendatory Veto

Dear President Tester and Speaker Matthews:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments Senate Bill 428, "AN ACT PROVIDING FOR A STATEWIDE 2-1-1 TELEPHONE NUMBER FOR ACCESS AND REFERRAL TO COMMUNITY DISASTER, EMERGENCY, SAFETY, HEALTH, AND HUMAN SERVICES INFORMATION; PROVIDING FOR A MONTANA 2-1-1 COMMUNITY COALITION TO SERVE IN AN ADVISORY CAPACITY; PROVIDING THAT ANY AGENCY THAT SEEKS A NEW PUBLIC INFORMATION TELEPHONE LINE OR HOTLINE SHALL CONSULT WITH THE DEPARTMENT FOR USE OF THE 2-1-1 SYSTEM; PROVIDING FOR SERVICE PROVIDERS AND SCOPE OF SERVICE; PROVIDING FOR A STATE SPECIAL REVENUE ACCOUNT; PROVIDING FOR ELIGIBLE ACTIVITIES; REQUIRING BIENNIAL REPORTS TO THE LEGISLATURE; AND PROVIDING AN EFFECTIVE DATE," for the following reasons.

Senate Bill 428 establishes a 2-1-1 telephone number for public access to information and referral for safety, health, or human services and for information about access to services after a disaster or emergency. The bill directs the appointment of a twenty member coalition. Establishment of the 2-1-1 program will require the use of additional staff and impose additional expenses upon the Department of Public Health and Human Services ("DPHHS"). The fiscal note accompanying the bill explains that the new program would require an appropriation of \$63,000 over the next biennium.

However, section 11 of Senate Bill 428 directs that the new program be conducted with existing employees and within existing funding levels. This provision of Senate Bill 428 turns the bill into an unfunded mandate. Even the bill, in its original form, recognized the need for funding, as it established a special account in the state special revenue fund (section 8 of the bill). DPHHS simply cannot establish this program with existing staff and funding levels.

My proposed amendment eliminates the requirement that the program operate within existing staffing and funding levels and, instead, provides the program shall not operate without an appropriation for that purpose. My proposed amendment is attached to this letter.

Sincerely,

BRIAN SCHWEITZER

**MESSAGES FROM THE GOVERNOR**

April 20, 2005

The Honorable Jon Tester  
President of the Senate  
State Capitol

HOUSE JOURNAL  
EIGHTY-FIFTH LEGISLATIVE DAY - APRIL 20, 2005

Helena, MT 59620

The Honorable Gary Matthews  
Speaker of the House  
State Capitol  
Helena, MT 59620

Dear President Tester and Speaker Matthews:

In accordance with the powers vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 769, "AN ACT CREATING THE RAIL SERVICE COMPETITION COUNCIL; ESTABLISHING THE MEMBERSHIP AND DUTIES OF THE COUNCIL; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE."

The amendments cover two issues:

restoring the Director of the Department of Revenue to the Rail Service Competition Council, and insuring that the private sector members bring experience related to transportation to the Rail Service Competition Council.

The sponsor of the bill, Rep. George Golie, agrees with the amendments.

Restoring the Director of the Department of Revenue to the Rail Service Competition Council

The Director of the Department of Revenue (DOR) was on the Council in the bill as introduced because the issue of taxes came to the fore as an issue of importance in the rail competition study conducted pursuant to SB 315 from the 2003 Session.

Because those taxation issues remain a critical element of rail competitiveness according to the study, I believe that it is imperative that the Director of DOR be on the Council.

The addition of the Director will not add to the costs of Council operations, nor make administration of the effort any more difficult.

Private Sector Members Bringing Transportation Experience to the Rail Service Competition Council

The bill calls for private members who are to represent transportation expertise related to farm commodities, trucking, minerals and wood products. The language I have added is to make sure that the persons need to have "substantial knowledge and experience related to transportation" as it affects each of those areas.

I respectfully request that the legislature agree to these amendments so that we may be able to construct the best possible membership for this important Rail Service Competition Council.

Sincerely,

BRIAN SCHWEITZER  
GOVERNOR
